

I am in support of NJ's implementation of the Do Not Call List. I have noticed a significant drop in solicitation calls. I was tired of interruptions during dinner time and even as late as 10 p.m. at night when my family is in bed. It's disruptive and unnecessary. I hang up on every call and feel that if I am interested in a product, I know enough to be able to go and find it. I do not want more calls during my precious family "together" time. Thank you.
